For businesses that have been approved of waiver of administration fees by January 1, 2016, the payment of administration fees should resume immediately from the month upon the expiration of the approved term.

The waiver of administration fees in the foregoing two paragraphs should be canceled, and payment of administration fees should resume immediately from the month of resumption of operation or when it begins to have record of sales, or upon the expiration of waiver of administration fees with the approval of the cessation of operation.

Article 11 Sales returns and discounted disposal, payments or receipts on behalf of others, mistaken invoices, income from the sales of fixed assets outside the scope of business, income from scraps and residues, income from financing loans, rental income within six months and rental income from assets outside the EPZ included in the sales turnovers declared by businesses in the EPZ may be excluded from the calculation of administration fees if sufficient supporting documents are attached.

For payments or receipts on behalf of others included in the sales turnovers mentioned in the foregoing paragraph, exemption should be processed in each payment period. At the end of the year when the company prepares the final accounts and makes a declaration, the amount that appears in the CPA-verified annual final accounts should be submitted to the Administration or the Branch for future reference.
